

TIETON CIDER WORKS

FARMER GROWN FARMER MADE

USDA ORGANIC CIDER

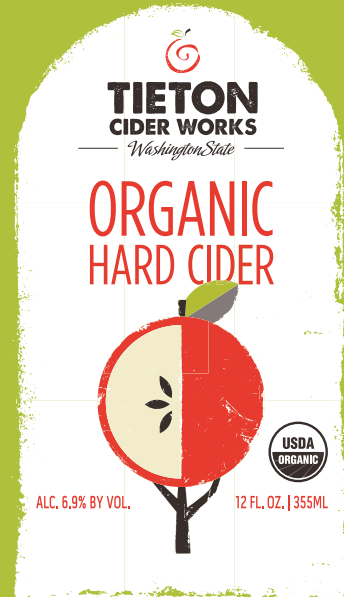

Overview

We've been growing apples in the Yakima Valley for 3 generations. Growing the fruit organically combines our farming tradition with being good stewards of the land we call home. This organic cider represents our heritage and the care that goes into the land and trees that produce it.

Tasting Notes

This organic cider is dry and crisp like the area where we grow our apples-the Yakima Valley. It's slightly tart but well balanced with a fruity nose. Pairs well with anything, especially lighter faires and cheeses.
