

TIETON CIDER WORKS

North Ranch

FROM OUR ORCHARDS TO YOUR GLASS

Just North of a town called Tieton, rows of apple trees have grown atop North Ranch's Hillside for three generations. With cool evening breeze and 300 days of beaming sunlight a year, our homestead is the ideal location for growing crisp apples for cider making.

APPLE

HARD CIDER

TASTING NOTES

Expect pineapple aromas and mineral qualities on the nose with bright acidity levels on the palate and a sweet apple finish.
