CIDER WORKS**

From our orchards to your glass

Spiced Pecan

Overview

Tieton's 100% natural ciders are made from farm fresh fruit grown in the Yakima Valley. Varieties of cider and heirloom apples are hand picked, pressed and packed to produce our blended creations.

Tasting Notes

As we fall into harvest and the holidays we wanted to come up with a flavor that captures the seasonality of fresh apples and the scent of holiday cheer. This cider is reminiscent of spiced apple butter blended with tart apples and softened by creamy pecans.
